## Hydrography of the American Isthmus

---

By Arthur Powell Davis

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1903 Excerpt: .of San Francieco River at its mouth. Obtained by combining observations taken on the Upper San Francisco and Chanchos rivers and Nicholson Creek. Discharge in second-feet. A station for the measurement of rainfall, sediment, and discharge on the Sarapiqui was maintained about ti miles above the mouth of that river from August, 1898, to the end of the rear 1899, and the record is complete for that period. A native observer took rainfall and gageheight observations throughout 1900, and approximate results for that year also are given. Estimated monthly discharge of Sarapiqui River 5 miles above its mouth. Drainage area, 1,100 square miles, approximately. Month. 1899. January February March April May June July August September October November December The year 1900. January February March April May June July August September October November December The year 1901. January February SAN.JUANILLO RIVER. Lull route, variants I, II, and...
