Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from *The Infant: Nutrition and Management* This little volume is founded on a series of lectures which, from time to time, I have given to students attending at courses held by the Queen s Hospital for Children, the Medical Graduates College and Polyclinic, the National Association for the Prevention of Infant Mortality, and other medical societies. Some of these lectures have already been published in part, or in whole, in medical journals, and for permission to republish I have to thank the editors of *The Lancet*, *The Practitioner*, *The Medical Press and Record*, *The Clinical Journal*, *The American Practitioner*, *American Medicine*, *Pediatrics*, *Archives of Pediatrics*, and *The British Journal of Children s Diseases*. In preparing these lectures in book form, it has been necessary to edit somewhat freely, for the same ideas recur over and over again in different lectures. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
