GRIN Verlag Gmbh Nov 2014, 2014. Taschenbuch. Book Condition: Neu. 211x151x7 mm. Neuware - Scientific Study from the year 2013 in the subject Education - Reading Instruction, grade: 7.8, Panjab University, language: English, comment: The drops of words are few, but the ocean of feelings of gratitude is deeper in my heart for those who proved themselves to be lampposts in the way of accomplishment of my research project. Firstly, I express my heartiest devotion to The Almighty God for his graceful blessings at every step without which nothing could have been accomplished. Next to the God come my parents who helped me a lot in every way. , abstract: Occupation is one of the important parts of our daily lives which cause a great deal of stress. Due to the competitive nature of the job environment, most of the people in the world are spending their time on job related work purposes resulting in ignoring the work and life. Usually people are more worried about the outcome of their work that can even affect the way they treat other people and how they communicate with their peers. In general, we can say that people with a higher percentage of occupation stress may not be satisfied with their job and therefore they will not feel happy working in the organization. So, we can say that it is very important for teacher to realize the stress that causes all the negative effects. Today, we all are a part of globalizing era which is characterized by excellence, competitions, quality etc. along with stress, strain n human being and in a world that is changing at a tremendous pace, globalization had led to an increase in the growth of education institutions all over the world and the education scene in Zambia is no...
