

Practical Spanish Grammar: With Exercises and Themes (Classic Reprint)

Filesize: 6.91 MB

Reviews

This publication is fantastic. It is one of the most amazing publication i have got study. I am just pleased to explain how this is actually the best pdf i have got read through in my individual lifestyle and could be he finest publication for possibly.

(Mr. Kristoffer Hills)

PRACTICAL SPANISH GRAMMAR: WITH EXERCISES AND THEMES (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Practical Spanish Grammar: With Exercises and Themes The following pages, written at first for my classes in Cornell University, are now handed over to the public in the hope that they may be of some help in introducing others, as well as college students, to the Spanish language and literature. My aim has been to write a practical grammar and, so far as college students are concerned, one that may be tolerably well mastered (leaving time for reading about 150 ordinary duodecimo pages of Spanish in one college year), provided two recitations per week are devoted to it. My own custom has been to have the students learn the advance lesson only so thoroughly as to be able to write out the theme; to have them put the theme on the board; to correct it myself, having the students correct their themes as I indicate mistakes and state reasons for changes, and on the review (next time we meet) to give (without book or theme) the Spanish for the English (as well as the English for the Spanish) on my reading the sentences aloud. A part at least of the Spanish reading lessons was also translated on review (as above) from hearing me read the Spanish. This method seemed to work admirably at Cornell; but is given here simply for such teachers as may not have a definite and possibly better method of their own. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original...
