Springer Aug 2014, 2014. Taschenbuch. Book Condition: Neu. 23.5x15.5x cm. This item is printed on demand - Print on Demand Neuware - This International Conference on Clifford Algebra and Their Application, in Mathematical Physics, is the third in a series of conferences on this theme, which started at the University of Kent in Canterbury in 1985 and was continued at the University of Science, et Technique, du Languedoc in Montpellier in 1989. Since the start of this series of Conferences the research fields under consideration have evolved quite a lot. The number of scientific papers on Clifford Algebra, Clifford Analysis and their impact on the modelling of physics phenomena have increased tremendously and several new books on these topics were published. We were very pleased to see old friends back and to welcome new guests who by their inspiring talks contributed fundamentally to tracing new paths for the future development of this research area. The Conference was organized in Deinze, a small rural town in the vicinity of the University town Gent. It was hosted by De Ceder, a vacation and seminar center in a green area, a typical landscape of Flanders's 'platteland'. The Conference was attended...

## Reviews

*It is an awesome publication which I actually have ever read through. It had been written really properly and valuable. I found out this book from my mom and dad recommended this pdf to discover.*

*This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that I am sure that I will go on reading it yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.*
